Luna Mae

Rochester, NY

My name is Luna. I'm a traveling model based in upstate NY. I love to think outside of the box when it comes to shoots and to try different poses and concepts. When I'm not modeling I'm doing hair, taking care of my cays and reptiles, and making every moment the best it can be.

A photograph of two nude women in a domestic setting. One woman with long red hair is kneeling on the floor, leaning against a chair. The other woman with long red hair is standing behind her, leaning over her shoulder. Both women have various tattoos, including a large one on the kneeling woman's hip that says "until you find love". The background includes a lamp and a potted plant.

Angel

Rochester, NY

My name is So Seduktive Angel, but I prefer to be called Angel. I was born and raised in Rochester, NY. Never mind the age, just know that I'm old enough, lol. I have two daughters who mean the world to me and are my life. They bring me so much joy. I'm a full time healthcare provider. I've been modeling for many years. I've been published in several magazines and look forward to being published in many more. My goal is just to make my family proud of me. More so my Mom even though she's not physically here with me anymore, but I know she's in heaven rooting for me. So I definitely wanna make her proud and show my daughters that no matter how old you are, it's never too late to live out your dreams and be the best at what you do and love. In 5 years I see myself owning my own business and living my life abundantly with the people I love.

Deven Anne

Camberley, Surrey, England

My name is Deven Anne. I'm a freelance model based in Camberley Surrey. I have long blonde hair and hazel green eyes which make the boys and girls go wild :)

I have modeled on and off for the past 11 years and absolutely love any opportunity to be in front of the camera. I believe that's when I come alive. I love working on my own and with other models so collaboration with the other models is definitely something I would like to do more of. I also do a bit of TV extra work which I also enjoy very much.

I would also like to do charity work raising money and awareness for Chron's disease as my brother has this illness.

I am prepared to do what it takes to get to the top!!

Riah Lynn

Manchester NH/New England

I am 24, a Gemini in love with a Capricorn, an animal lover. The one thing I have always loved to do was get my picture taken. I love everything to do with modeling, from shooting the material, figuring out outfits/looks, to choosing my favorite photos and meeting wonderful people. I absolutely love being able to share my wild side with all of you and only hope to be looked up to for embracing my art/beauty, spreading love and positivity, reminding young women that YOUR opinion about yourself is the only one that truly matters. Always remember that there are infinite variations of beauty and you are one of them.

I am a 27 year old model and I have been a self-employed tattoo artist for 6 years. I worked in a studio for a long time, but I want to see something of the world, so now I tattoo as a guest spot.

I love my job. I would also say it's more a passion than a job.
